

“GLF’s mission is to provide a heavy civil and marine construction organization to serve the Southeastern United States, the Caribbean and the Americas.

GLF has documented and implemented an Integrated Management System conforming to International Standards for Quality (ISO 9001:2015), Environmental (ISO 14001:2015) and Occupational Health and Safety Management Systems (OHSAS 18001:2007) and is committed to continually improving its effectiveness.

GLF Management commits to the following core values and ensures that these are deployed, understood and applied at all levels within the organization:

- 1. A commitment to the highest standards of integrity, honesty and specialized skills and to completing all projects in time and manner while meeting all contractual and customer requirements.*
- 2. A commitment to meet and exceed all applicable legal, regulatory and contractual obligations related to Quality, Health, Safety and Environmental requirements.*
- 3. A commitment to the prevention of all incidents and accidents through eliminating or minimizing risks in all of its activities.*
- 4. Create an environment that encourages ingenuity, teamwork and safety for all employees and other individuals who have access to GLF premises or sites.*
- 5. Awareness of environmental aspects and prevention of environmental impacts.*
- 6. A commitment to our stakeholders to foster growth and prosperity of the company.”*
